Offset entry track 288°

Heading to the BIA of 258°

078°

_339 BIA

**Arrival from the Southeast: Sector 2 Offset Entry**

**Arrival from the West and South: Sector 3 Direct Entry**

Heading to the BIA of 328°
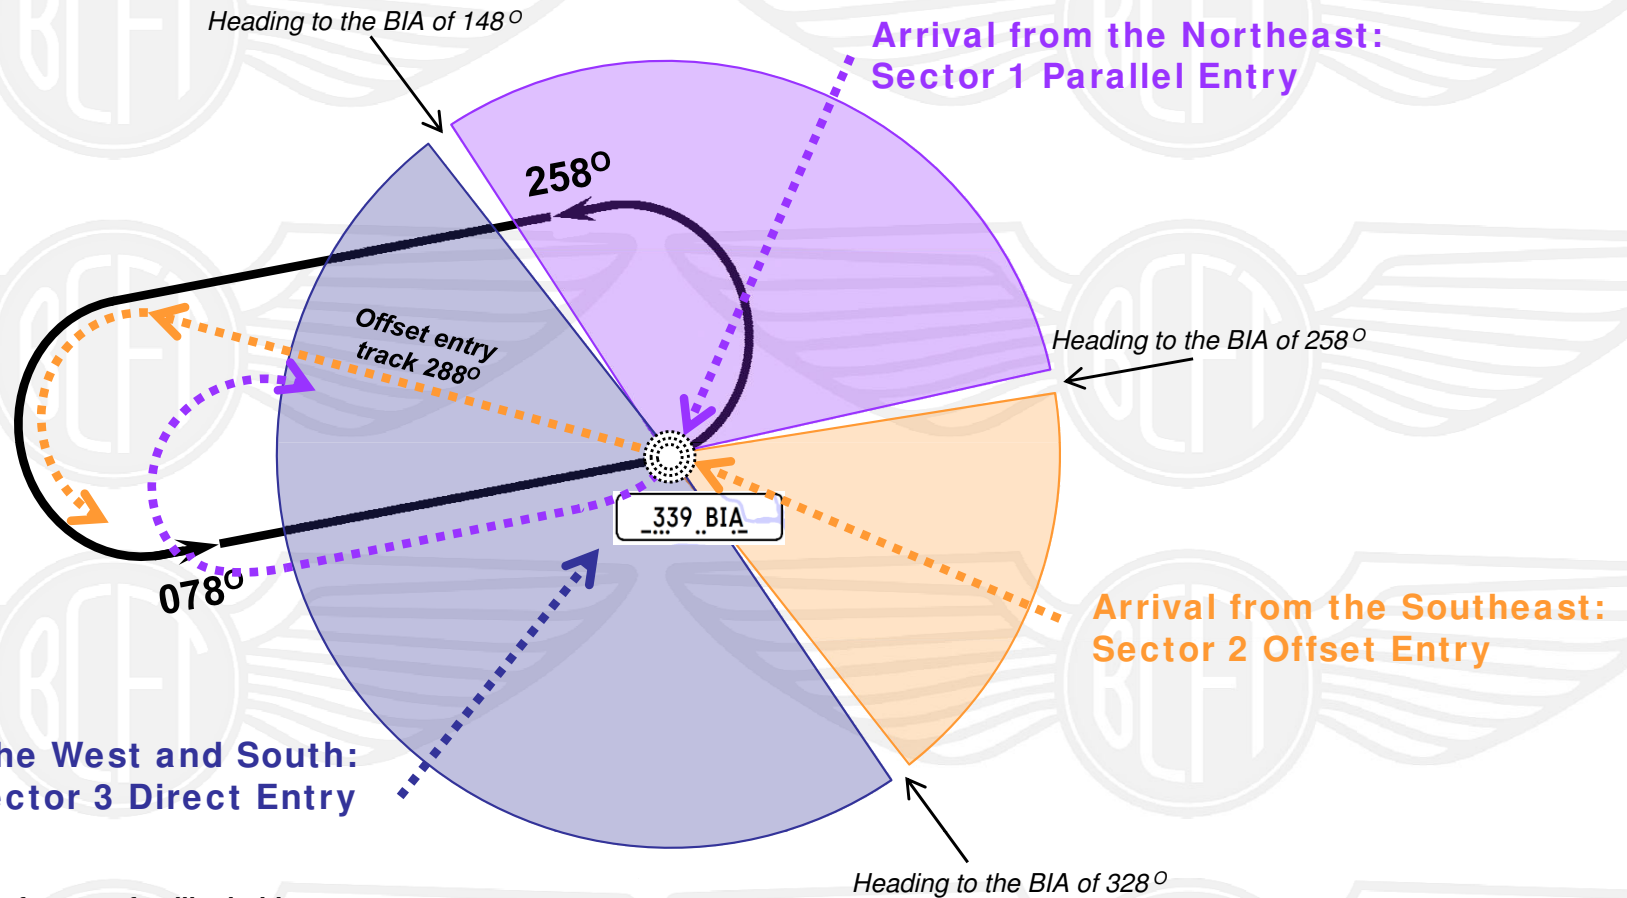

**Working out the correct entry for an unfamiliar hold:**

• The sector diagram can be drawn on any hold by
  - *extending the inbound track beyond the fix*
  - *drawing a line through the fix that cuts the short end of the hold, with the slice being wider on the outbound side*

• Sector 1 is the "sliced end", Sector 2 is the narrow one opposite the hold, and Sector 3 is the semicircle
